Dan Hamman

*"All I ask is a tall ship
and a star to steer her by."*

Venture forth into the galaxy of First Edition with a virtual expansion celebrating the most famous aspect of Star Trek - ships! From dilemmas that target ships, to events that enhance them, to the ships themselves, ***Ships of the Line*** brings fun and excitement to all of your in-game adventures. Will you use your ships to hunt space born creatures? To spy on nearby rivals? To explore faraway pockets of the galaxy? However you choose to use your ships, there will be options for you in ***Ships of the Line***!

Coming Soon — Suspecting the Cardassians of testing an illegal and ruthless weapon, Starfleet dispatches Jean-Luc Picard on a secret mission to destroy the project. But it's a trap, and Picard is captured and tortured by the ruthless Gul Madred. On the *Enterprise*, Captain Edward Jellico's brash style rubs the crew the wrong way, but it's exactly what is needed to take on the posturing Gul Lemec.

In our next release, you get to recreate this legendary story with a pair of duel decks!

The Continuing Committee is dedicated to not only maintaining the *Star Trek: Customizable Card Game* community and the levels of competition, but exceeding them in scope and in quality.
