*"If they deploy this weapon, it will contaminate the timeline. You must not let that happen."*

The Continuing Committee presents *All Our Yesterdays*, the thirty-seventh virtual expansion of *Star Trek CCG Second Edition*, and the harbinger of a new future of interactive gameplay! Alter the timeline to suit your fancy, or restore it to reflect the history you know.

This is no time to argue about time, but if you insist, you'll find plenty of Klingons and Andorians to butt heads with.

And apologies if temporal physics gives you a headache, but soon / now / already a cycle of dilemmas depicts how the future will alter / is altering / has altered the past. How many temporal violations will you commit when you experience *All Our Yesterdays*?

**Coming Next** — It is a time of war. A grim time. The shadow of the Dominion falls long across the Alpha Quadrant, darkening the skies of many worlds — Cardassia Prime most of all. But there are yet heroes who would oppose the Founders' ambitions. Which side will you take when the choice is up to you?

The Continuing Committee is dedicated to not only maintaining the *Star Trek: Customizable Card Game* community and the levels of competition, but exceeding them in scope and in quality.
