*"Sit down and play the game.  
In this setting, we have no ships.  
We are an ancient race of soldiers  
intent upon conquering this world.  
Play the game."*

The Continuing Committee is proud to present *Caretaker*, the conclusion to a series of expansions designed around the theme of interaction.

This time, join a Federation crew marooned far from home. As you journey with them, you may clown around, face the overwhelming power of Species

8472, lose yourself in the holodeck, cast aside your principles, defend your honor with Klingons, or fight for the cause of notorious outlaws. Explore the other side of the galaxy, and beyond, with *Caretaker*!

**Coming Soon** – What dreams can we make come true? Have you ever yearned to see how ageless beings from different times would interact? Have you thirsted to rebel against an oppressive occupation? Do you itch to forge your path by taming worlds? Do you desire to ravage a homeworld? Do you long to speak directly to a god? The next expansion derives its cards from submissions from your fellow players, bringing their dreams to the game.

The Continuing Committee is dedicated to not only maintaining the *Star Trek: Customizable Card Game* community and the levels of competition, but exceeding them in scope and in quality.
