"Something important is happening to me, and I want to explore it. But I can't stay here any longer. I'm a danger to all of you."

If you're a fan of the Delta Quadrant, then *The Gift* is just for you! Featuring nine (9) new *First Edition* cards all focused around decks based in the Delta Quadrant, *The Gift* contains new equipment, personnel, and missions for your favorite  decks. Though this expansion may be small, it's packed with fun and exciting options for your Delta Quadrant adventures. From all of us at the Continuing Committee, we hope you enjoy *The Gift*!

Wormhole Terminus — *The Gift* introduces a new mission, Preliminary Incursion, which is a persona of the *Premiere* mission Wormhole Negotiations. In order to accommodate this change, both Wormhole Negotiations and Barzan Wormhole (*Voyager*) are changed to use the new name of the location, Wormhole Terminus. These changes preserve the original use of the cards, while giving hostile powers in other quadrants a path into the Alpha Quadrant.

Coming Soon — Did you know the Dax symbiont, which was hosted by Jadzia and Ezri, was born in 2188? To celebrate, the Continuing Committee is proud to announce *Equilibrium*, a nine (9) card virtual expansion coming in late 2018. This expansion will feature new cards based on some of the many lives of Dax, including Joran — the card designed by the community earlier this year during Will of the Collective IV.

The Continuing Committee is dedicated to not only maintaining the *Star Trek: Customizable Card Game* community and the levels of competition, but exceeding them in scope and in quality.
