Temporal. When you complete this mission, flip it over.
"Maybe, maybe when it exploded, the singularity that polarized the chroniton particles created some kind of subspace bubble around the ship, isolated it from the changes in the timeline."

Any affiliation may attempt this mission.

Genetically Enhanced. While this personnel is attempting a mission, if he is present with three of your personnel who each have a cost of 2, you may examine the top card of the dilemma stack. If you do, cards you own cannot use their abilities when that dilemma is about to be revealed. You may do this only once each turn.
