

FIRST EDITION X-LIST (STANDARD FORMAT)

MAY 2013 - VERSION 8.3

This document is an official supplement to the Star Trek Official Tournament Guide and Star Trek First Edition rules documents. This document provides the list of cards that are X-Listed (banned) from use in Star Trek First Edition sanctioned Standard format tournaments.

Entries that are new, changed, or expanded since the last version of this document are marked with an asterisk (*) before the topic and are listed in red.

The following cards may not be included in a Standard format deck.

- 1. All First Edition verbs or Artifacts from the following sets: Premiere, Alternate Universe, Q-Continuum.**
- 2. All cards that have a Holodeck Adventures expansion icon.**
- 3. Jack, Maladjusted Misfit 3R175**
- 4. Standard Orbit 14U39**
- 5. Cards in the Virtual Promos set (unless the original version of that card appears in a legal set).**

Clarification of Reprints

Cards reprinted in later sets become legal in Standard format (provided that reprint is in a legal set). For example, the dilemma Wind Dancer is legal as it is reprinted in The Next Generation Set. All referee cards are legal as they were reprinted in the Referee Reprints set. **Holoprojectors is not legal as the set it was reprinted in, Holodeck Adventures, is banned.**

Cards released through errata or as virtual promos are not legal. For example, the interrupt Amanda Rogers is not legal, even though a new version appears in the errata file. The virtual promo of Barclay's Protomorphosis Disease is not legal because the original card comes from Premiere.

Cards "reprinted" as foil Decipher promos or in Reflections do NOT become legal. Their set of origin remains the same.

Definition of Verbs

Verbs are defined as the following card types: Dilemma, Doorway, Event, Incident, Interrupt, Objective, Tactic, Trouble

This includes Q-Icon verbs.

As opposed to Nouns which are the following card types: Artifact, Equipment, Facility, Mission, Personnel, Ships, Site, Time Location, Tribble

Identifying Premiere, Alternate Universe and Q-Continuum cards

Cards from the first three sets are easily recognized as they have no expansion icon.
