THE NEXT GENERATION

DEVIDIAN DOOR

Plays on table. While in play, allows you to play a card "from the future." Once each turn, you may say "Devidian Door" and play one Personnel or Equipment card to any planet. At any time during your next turn (or at game end, if sooner), you must show a Devidian Door from hand and place it out-of-play, or you lose the game. (Immune to cards which close doorways.)
